

## Red Maple, Swamp Maple

*Acer rubrum*

### Habit and Form

- a medium to large tree, 40' to 70' tall, but can be over 100' tall
- relatively fast growing

### Culture

- easy to transplant and establish
- tolerant of many conditions and adaptable
- prefers moist, acidic soils
- tolerates occasional flooding and wet soils
- full sun best for landscape development, but can tolerate partial shade
